# Big Questions

Remember how we do S.O.L.E. learning? Pick a question and use your research skills to find some possible answers to one or more of the following big questions.
(Remember to look on at least three sites and only write down anything you understand in your own words!)

Q1: What is the biggest threat to our rainforests?

Q2: If we cannot save all animals from extinction, which ones should we save and why?

Q3: What would the world be like without trees?

Q4: What would it be like to live in the Rainforest?

Q5: Are animals of the Rainforest 'free'?

Q6: Which animal is our greatest discovery?
