

Year 3 Summer 2 - Parent Information

Wonderful World

AREAS OF LEARNING

As Mathematicians, we will consolidate all our learning in number so far, and look in more detail at the properties of shapes.

As writers, we will be working on writing a variety of fiction, non fiction and poetry. We will focus on tightening up punctuation and extending sentences. We will write diary extracts as if we had experienced the eruption in Pompeii.

As Historians, Geographers and Scientists, Magnetism will be covered and we will be looking at the structure of Earth. We will learn about Volcanos and Pompeii. The children will undertake research on area of interest.

As Artists, we will painting our own volcano pictures.

This term, the children have expressed a desire to learn about a diverse range of topics, so for the last 2-3 weeks of the year, they will undertake various projects ranging from Dinosaurs to The Titanic!

CURRICULUM DRIVERS

Outdoor Learning/Environment

As people concerned with our environment:

Talking about how the world has changed over millions of years and problems that our future world may face. We will be using the school grounds wherever possible.

Attitude to Learning

As effective Learners we will be:

reviewing our approach to learning this year, We will think about what has gone well and what could go better, and how we can help ourselves to achieve our goals.

Communities

As members of our community we will:

We will explore how communities cope with disasters and some of the values that people have that help them work together, especially in times of trouble. We will look at what good points have come from our Lockdown period.
