

Mini

S.O.L.E

Use your researching skills to answer one of the questions below.

- Remember to only use information you understand.
 - Try to write information in your own words.
 - Keep thinking about the question you are trying to answer.
 - Present your work in anyway you like, e.g. poster, fact file.
-
- If we cannot save all animals from extinction, which ones should we save? Is it fair to not save them all?
 - What would happen if all insects died?
 - Why can you find ants in most countries on earth?
 - If you could bring back one extinct animal which animal would be best to bring back?

If possible, when you have finished present your answer to someone.
