

# How to make a Roman lapbook

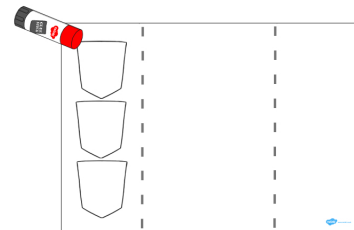

This Roman Lapbook is a great project for home or school and you can be as creative as you like!

Here are some simple instructions if you need a bit of extra help

1) Get an A3 piece of paper or card, fold two flaps on the right and left side of the paper, like the diagram.

2) On the inside of the front flaps, you will need to glue the pouches included in the pack, so that your child can store cards in them.

3) Start with our Spread of the Roman Empire Map Worksheet to make your front cover, or use our Roman Facts Poster, both are included in the pack.

4) Use the rest of the resources however you like, just stick inside your lapbook as you go along!
